Famtastic App - Family Management Made Easy

Overview:

Famtastic is a revolutionary app that structures families through a user-friendly interface. This all-in-one family management app tracks tasks, events, and finances all in one place. What makes Famtastic truly unique is the rewards system that motivates children to stay and tasks and do their chores.

Famtastic App Features

Chore Motivation

Famtastic's vision is to motivate you and your children to accomplish tasks with a savvy reward system. Your kids can choose between an item prize or allowance money that direct deposits into their piggy bank.

Digital Piggy Bank

You no longer need to keep track of your children's loose change with our piggy bank. Just add or subtract the dollar amount from their balance whenever they earn or spend money.

Family Calendar Sharing

Our lives are so busy, we sometimes overlap each other's schedules. Famtastic's shared calendar allows family members to add events and see each other's schedules to prevent overscheduling.

Collaborative Shopping List

Forgetting items at the grocery store gets the best of us. Luckily, Famtastic allows users to add to the collaborative grocery list. The shopping list syncs in real time and you can

see which items each user adds.

Budgeting

Oftentimes, we tend to lose track of where our money is going. Famtastic's budgeting tool lets you see how much you spend in each category you create.

Short descriptions:

- Famtastic is the go-to app for parents looking for a way to get their kids to do their chores.
- Famtastic is the only app where kids can see their progress as they complete their daily and weekly chores.
- Who doesn't love being rewarded for hard work? Famtastic motivates and rewards users for completing chores and goals.
- Famtastic's digital piggy bank helps kids learn how to save money and budget from a young age.
